

# FIRE BATT FP 320

FIRE RETARDANT STONE  
WOOL BOARD

**BOSTIK FP 320 FIRE BATT is a high density stone wool board over-coated with Bostik FP 312 Fire Retardant Coating, designed to maintain the fire resistance of separating walls and floors where they are breached by single or multiple building services.**

- Certified to the latest European standards EN 1366-3
- Classified for all types of constructions with or without building service penetrations
- Simple and very quick to install
- Permanently flexible, will accommodate movements during fire and smaller movements in the construction it has been fitted within
- Paintable with most water based and synthetic paints
- Once fully cured, the batt resists UV, humidity and frost
- Unlimited storage time (under correct conditions)
- Halogen free with added fungicides
